Writer Lakshmi Devnath has brought out a picture book titled 'M. S. Subbulakshmi: The Queen of Songs'. The book describes the life of the legendary singer in the form of illustrations - Amar Chitra Katha styled.

This is the first of the pictorial series titled 'Pictures of Melody', says the author.

Lakshmi says she hopes such books will introduce classical arts to children and get them interested in them.

Lavishly designed, the book also carries a blow-up of MS with her signature on it.
